# Group Agreements

---

- 1. Lean forward, lean back.** *Share space. Allow room for different opinions. Don't be afraid to share your perspective! This is a judgment-free zone.*
- 2. Curiosity is queen.** *Be open to continuous learning along the way.*
- 3. Explain and unpack jargon and acronyms.**
- 4. Be present, be authentic.** *Show up as fully as you can in the way that is most comfortable for you. ("Be present, be authentic", as a way to invite others to feel comfortable being present at the table as themselves, and meet others in the same way?)*
- 5. Honor all experiences and expertise.** *Appreciate others as human beings with abundant and interconnected experiences.*
- 6. Extend grace to each other and to ourselves.** *Assume best intentions.*

# SHA Update

---

- Based on Steering Committee feedback- we've changed how we are writing and framing out our SPHIs
- We hope to provide a draft to the SC in February

# State Health Improvement Plan

---

- A roadmap that outlines strategies to address our state's biggest health priorities
- Inform policy, partnerships, and investments for OHA and other state agencies. Alignment with OHA's strategic Plan.
- **Healthier Together Oregon (HTO)** was the first time this process prioritized community voice

# Power and Influence of SHIP

---

# Healthier Together Oregon (HTO)

# 2020-2024 SHIP Priorities

---

- Institutional bias
- Adversity, trauma, and toxic stress
- Behavioral health
- Economic drivers of health, such as housing, transportation and living wage jobs
- Access to equitable preventive health care

# What happened:

---

- COVID-19
- Established a PartnerSHIP- Community Oversight Group
- Provided small grants to partners for CHIP projects
- In partnership with Benton County - Provided 20 CHW scholarships
- Many lessons learned related to capacity, scope and opportunities for deeper collaboration

# Role of this Steering Committee

---

- Using your individual, personal and professional lens/networks provide guidance and recommendations to OHA Staff
- Establish Priorities for 2025 SHIP
- Identify preferred Strategies

**Let's talk about CHA/CHIPs**

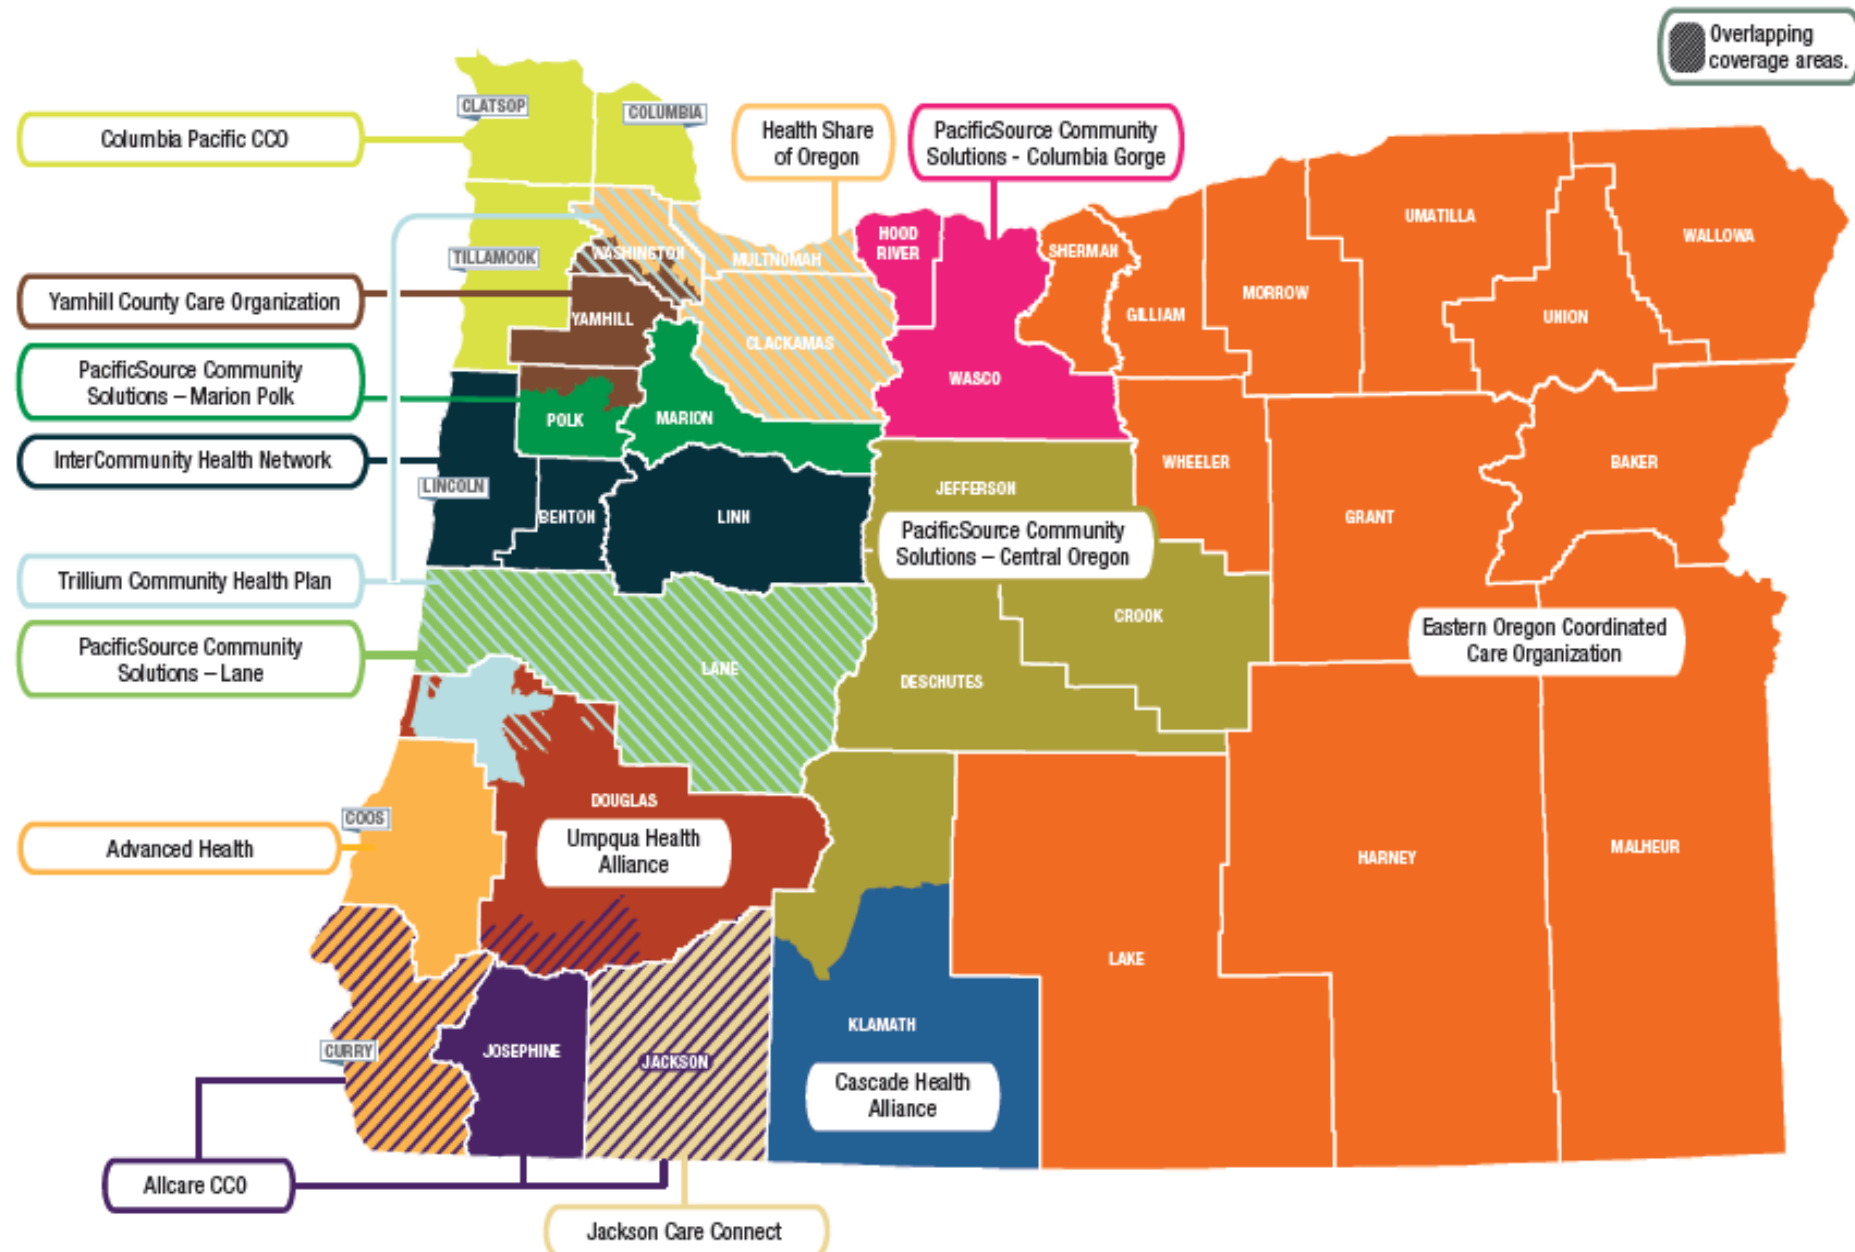

# Community Health Improvement Plan

---

- Every 3-5 years CCOs, Local Public Health Authorities, Hospitals and community members come together to do community health assessments and then they develop community health improvement plans
- CCOs are required to perform certain activities to align with the SHIP.

# Coordinated Care Organization 2.0 Service Areas

# Let's talk!

---

Many folks from the Steering Committee are members of their local Community Health Assessment (CHA) and/or Community Health Improvement Plan(CHIP) teams. Many of you have shared that this is what brought you to SHIP work.

We'd love to hear from you!!

# Discussion/Break Out Rooms

---

What reflections and insights would you like to share about CHIP work?

- What was your experience? What worked well when designing your CHIP ?
- Lessons learned?
- What are some areas of opportunity or places for better alignment with the SHIP?

How does SHIP impact your efforts on a local level?

# Lessons Learned; review of CHA/CHIPs

---

- The priority areas of alignment with HTO that was present among the CHAs and CHIPs are:
  - **Behavioral health**
  - **Economic drivers of health**
  - **Access to equitable preventive healthcare**
- The priority areas with little to no alignment with HTO are:
  - **Institutional bias**
  - **Adversity, trauma, and toxic stress**

# Lessons Learned; review of CHA/CHIPs

---

- Potential emerging priorities:
  - Sense of connection and belonging
  - Cross-sector collaboration
  - Environmental health

# Lessons learned: Public Health Division

---

## Starting Point Assessment

- Engaged two groups for feedback:
  - The PartnerSHIP (HTO implementation SC)
  - OHA PHD leadership
- PartnerSHIP – More resources needed; long-term focus on aligning community level work with SHIP priorities.
- PHD leadership – Division leadership and program staff must be engaged early and sustained throughout.

# Next up

---

- January 29, 2025- Community Engagement Subcommittee Conversation
- February 2025: SHIP proposed Priorities (we will take these and get community input)

# Public Meeting

---

- Members of the public welcome!
- Conversation space is held for committee members
- We will hold space for public comments in the final 10 minutes of the meeting.
  - If there are multiple members of the public who would like to speak we will limit speaking time to 2 minutes per person

STEERING COMMITTEE MEETING | OCTOBER 28, 2024

✍ ANDRE MEDINA  
for METROPOLITAN GROUP

# OHA's Definition of Health Equity

---

Oregon will have established a health system that creates health equity when all people can reach their full health potential and well-being and are not disadvantaged by their race, ethnicity, language, disability, age, gender, gender identity, sexual orientation, social class, intersections among these communities or identities, or other socially determined circumstances.

**Achieving health equity requires the ongoing collaboration of all regions and sectors of the state, including tribal governments to address:**

- **The equitable distribution or redistribution of resources and power; and**
- **Recognizing, reconciling and rectifying historical and contemporary injustices.**

*HTO operationalizes the collaboration required to advance OHA's goal of eliminating health inequities by 2030.*

We look forward to connecting with you again in 2025
